DATE: January 26, 2024

SUBJECT: 2023 Annual Report

I am pleased to present the annual report for the Deer Park-Silverton Joint Fire District. As in years past, this report is intended to highlight items of interest to the public and does not detail all day-to-day activities conducted by our employees.

I am incredibly proud of the employees of this Fire District for their dedication to our communities and our fire department. As stated in previous reports, the men and women of the department are the backbone of our organization. Without them, we could not provide the high-quality EMS and fire services our communities deserve and have come to expect. In 2023, they responded to over 4,000 calls for service, marking the busiest year on record for the Fire District. In addition to emergency details, they participated in daily training, station and equipment maintenance, safety inspections, and community events. Many of these activities are done behind the scenes but are essential to the delivery of fire and emergency medical services.

As we get ready to enter our 25th year as a Fire District, I want to say how proud I am of the accomplishments of this department. They are the result of our employees' hard work and dedication, the support of the Fire Board, and, most importantly, the support of our residents. I particularly want to thank the firefighters, EMTs, and paramedics who continue demonstrating their dedication to this community.

I look forward to our continued successes in 2024 and beyond.

Respectfully,

A handwritten signature in blue ink, appearing to read "Dennis E. Meador II".

Dennis E. Meador II, OFE
Fire Chief

Mission

The mission of the Deer Park-Silverton Joint Fire District is to mitigate the threat to life and property from fire, medical and other emergencies through education, prevention, community preparedness and emergency response.

Vision

This joint venture visualizes that through consolidation we can provide the residents which we protect and serve the highest quality of service which they deserve. We strive to remain accountable to our citizens and we are continuously mindful to listen to their needs.

Firefighter Code of Ethics

As a firefighter and member of the Deer Park-Silverton Joint Fire District, my fundamental duty is to serve the community; to safeguard and preserve life and property against the elements of fire and disaster; and maintain a proficiency in the art and science of fire engineering.

I will uphold the standards of my profession, continually search for new and improved methods, and share my knowledge and skills with my contemporaries and successors.

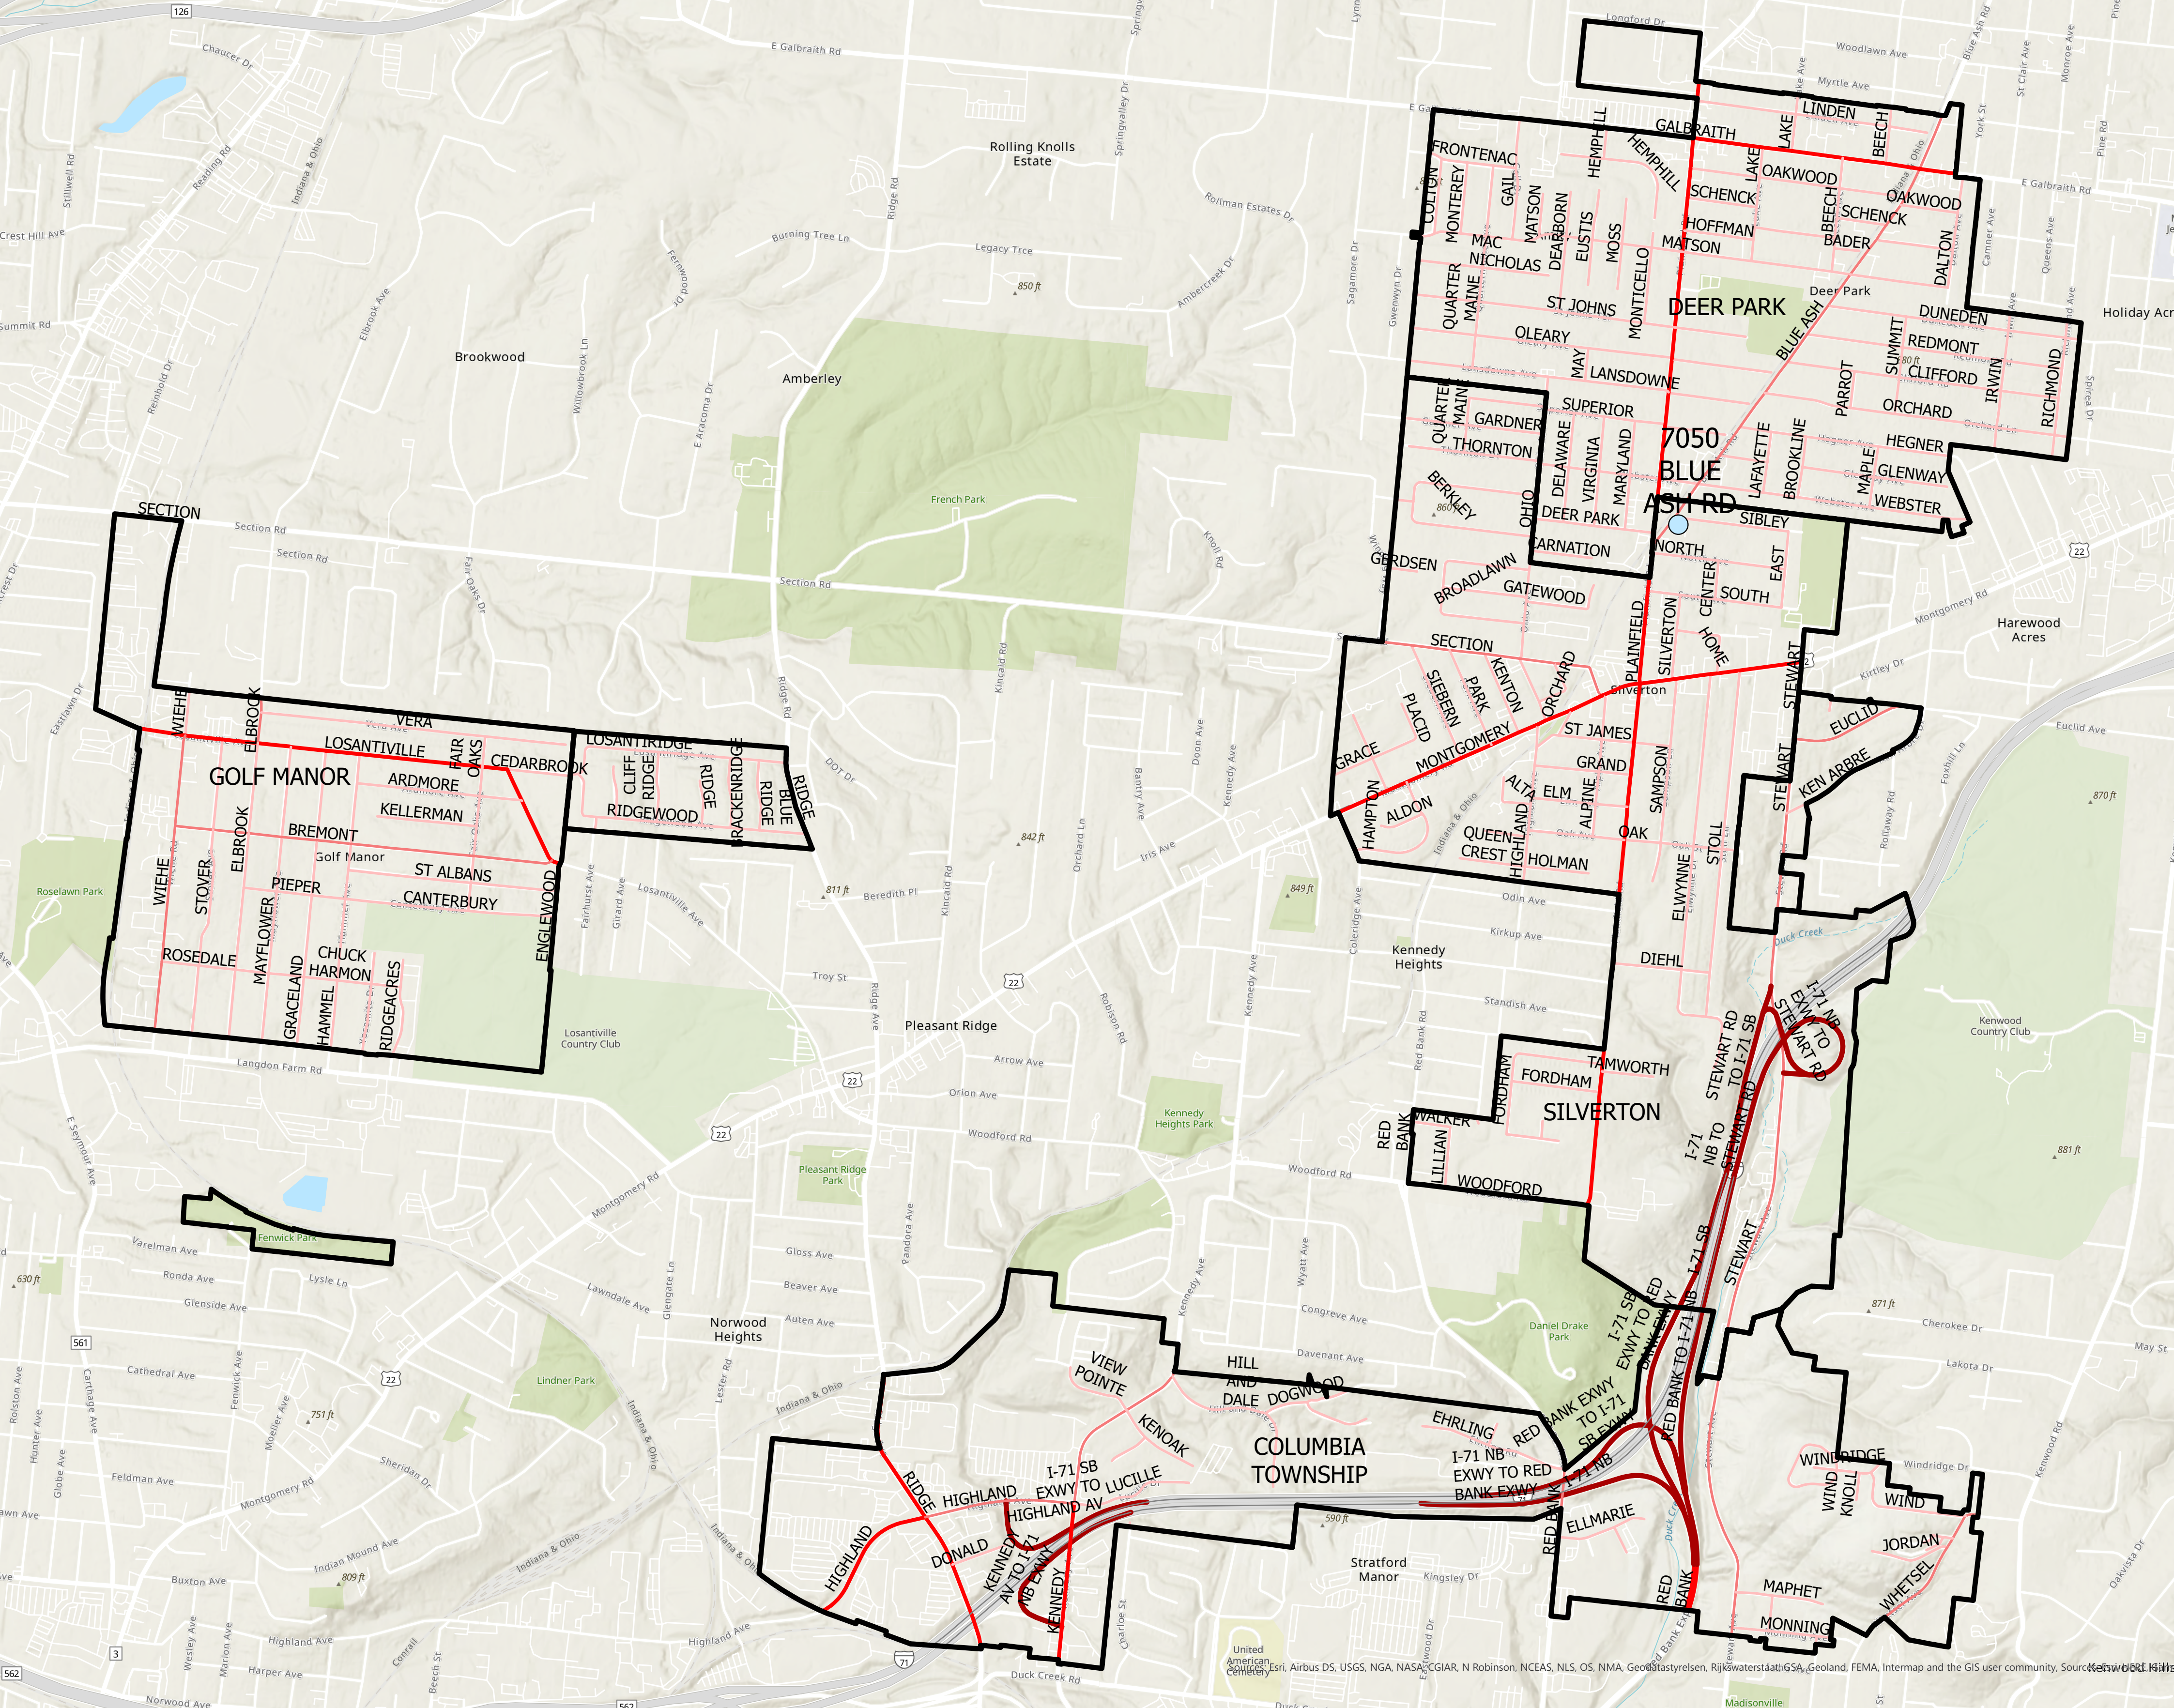

I will not allow personal feelings, nor danger to self, deter me from my responsibilities as a firefighter.

I will, at all times, respect the property and rights of all people, the laws of my community and my country, and the chosen way of life of my fellow citizens.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the fire service. I will never use my official position to obtain advantages or favors for myself, my friends or family.

I will constantly strive to achieve the objectives and ideals, dedicating myself to my chosen profession—saving of life, fire prevention and fire suppression.

As a member of the Deer Park-Silverton Joint Fire District, I accept this self-imposed and self-enforced obligation as my responsibility.

Dear Chief Meador,

Please accept and convey to all involved, my most sincere appreciation for your assistance with the funeral of Jim Weidus on October 3, 2023. The crossed aerial tribute and at Spring Grove Cemetery was an emotional and well deserved recognition of Jim's many years of service to The Village of Golf Manor Fire Department.

Jim served for over 40 years with honor and distinction as a firefighter EMT. And on a personal level, he was our very good friend and one of the kindest men I ever knew.

As you continue to provide fire and EMS to the Village of Golf Manor, it was most comforting that you graciously accepted a role we can no longer provide. Your assistance in rendering this traditional final recognition gave great comfort to his family, friends and our remaining members of the fire service.

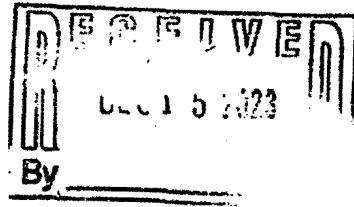

Thank you!

Most sincerely,

Chief Gregory D. Ballman (Ret.)

Dear Chief,

On behalf of the Great Oaks Public Safety Services, I want to thank your department for participating in our Fire & EMS Academy interview day on December 12, 2023.

It meant so much to the student to experience so many interviews in one day. For many of those students, those were their first interviews ever.

It is always gratifying to see so many departments represented. You may be assured that your continuing support of the programs we offer does not go unnoticed.

Thanks again for your participation. If Great Oaks Public Safety can assist your department in any way, please reach out to us.

Respectfully,

Brian C. Gulat
